

# Cats Catwalk, Garden Cat: Furry Fun Fashion For Felines

Cats Catwalk is a beautiful book of fashion cats revealing a myriad of fashionable furs as no other cat book can. This is a fun book to read, although not hilarious, you will chuckle along the caddy fashion remarks, their pet peeves, likes and hobbies.

Cats Catwalk - Garden Cat is a fun book for kids of all ages. Kitty cats have never been so fashionable! Here you will find painted cats, cute kittens, elegant cat fur designs and many other fun things one should find in fun kid books.

Garden Cat is one of six fun books spotlighting thirty-six cats, six kitty-cats per book. Inside Garden Cat you will find six fashion-furward furlines, each modeling four tattooed furs of the same design. These fashionable kitty-cats will show you how much fun it is to play with fur. Among the funny books and cute animal books you can find cute books about dressing kittens and cats but none have the distinction of decorating the kitty-cats in this manner. Children animal books will never be the same. Each beautiful kitties fur design has been meticulously created to fit the individual cats purrsonality to maximize the feline look for this collection of fabulous kitty cat books. Each design was done for an individual garden cat in mind:

Cocos design is for the tomboyish type of darker fur.

Daisys shower of flowers is a design for the more delicate cat.

Sunflowers in the Vase is a must for the posing garden kitty.

Heaths bouquet is an extraordinary fur dye to complement indoor or outdoor cats.

Lillys artistic display of blooms is for the purely ornamental cat.

Cherry Bees is a simple array of blossoms for the show kitty-cats only. Cats Catwalk is one of the few cute cat books for fashionable cats. It all started when I, the fur designer decided to create a cat fashion style guide and a series of kitten books to go with it. The real cats were not too

cooperative in this endeavor, so I tried dressing a digital cat, but this too was not to be. So I repurpose the idea and this line of furs manifested in great splendor. In a world where your daily wear is always the same, this is an extraordinary event where felines can change their look with a simple or complicated lick resistant fur dye. Who said that kitties could not change their spots or get some new ones. This is a fun furry fashion adventure so why dont you come along.
