An Entertaining Tale of Quadrupeds is the first English verse translation of the Greek satirical poem *Diegesis Paidiophrastos ton Zoon ton Tetrapodon*. Written by an anonymous author in fourteenth-century Byzantium, this vernacular allegorical poem has long been recognized as a unique document, one that appears to have originated independently of comparable works in other traditions. A medieval Animal Farm, the story describes a convention of animals in which each beast vaunts its uses to humanity while denigrating others, resulting in a cataclysmic battle. The authors provide extensive textual analysis and notes on the form, style, and context of the poem.
