

Dirty Magick: Los Angeles

In the dark corners of the new centuries, there are people who use their magic. Many practice the art, but the bands of rogues who stalk the city with profit and power as their only motive use the magic as it was never intended. Dirty Magick: Los Angeles is the new urban fantasy anthology from Lucky Mojo Press. Focusing on the intersection of two genres (fantasy and detective/crime), this collection highlights the place where magic survives and flourishes in the concrete heartbeat of Hollywood. Here are the neer-do-wells who use magic to commit crime and the hard boiled wizards who would stop them.
