

Germany and the Second World War: Volume V: Organization and Mobilization of the German Sphere of Power (Part 1: Wartime administration, economy, and manpower resources, 1939-1941)

Unparalleled in scope and depth, Germany and the Second World War is a magisterial ten-volume history series that will prove indispensable to historians of the twentieth century. It will be the definitive history of the war from the German point of view. This book, the first part of Volume 5, examines the developments in wartime administration, economy, and personnel resources in Germany and its occupied territories from 1939-1941.
