

## Lye Street

The Greene family is cursed. Every fifty years Deepgates scarred angel, Carnival, returns to murder another descendant. Now, five hundred years after the first victims death, Sal Greene is facing his own doom. His time has almost run out. In a desperate attempt to break the chain of violence and save his family, he summons a demon to the chained city: a warrior he hopes is powerful enough to stand against the angel. Yet the creature which arrives in Deepgate is not quite the legendary mercenary Sal Greene was expecting. A 28,000 word novella from the author of the Deepgate Codex, including an excerpt from his new book SEA OF GHOSTS.
