

WHIRLWIND is part one of an urban psychic romance serial. Aira has always known that on her 23rd birthday her powers as an elemental would come into full bloom. But she didn't know of her grandmother's plans for an arranged marriage. The rationale? Marriage will protect Aira from those who want her dead or under their control. She's even got two candidates lined up—Dylan and Aiden, two brothers who have “volunteered” to protect Aira as she comes into her full transformation. There's no doubt the brothers are jump alive gorgeous, but how much danger, really, could she be in—unless she counted the handsome brothers and the danger they present to her heart and hormones? An Elemental Series is an adult urban romance filled with magic that is meant for mature audiences, 18 and older only.
