Some are super quick and easy, while others are the perfect make ahead lunchbox meal. It also gives a complete common sense guide to planning, preparing and packing nutritious lunches with loads of helpful tips and information. We lead busy lives, so getting the school lunch box organized is going to save time and give us happy kids! The recipes VARY. NOT ALL recipes are Paleo, not ALL Dairy or Gluten Free. Allergies are a problem for many children, so that will be discussed too. As a bestselling Paleo author, many of the recipes are based on using natural foods and drinks that are tasty and very appealing to the kids. Gluten and dairy free recipe options are throughout the book. Paleo lunch box recipes are popular because they follow allergy free guidelines. Substitute options for traditional foods such as flour, milk, nuts and eggs are all discussed. We know that food is vital to our health and our childrens mental and physical well-being. Too few children are enthusiastic about eating healthy foods when it comes to the school lunchbox. However, This will help our children maintain their metabolism, and their energy levels, hence being able to concentrate and have more fun during the day. My stealth method is revealed and works wonders in many of the lunch box recipes! During the rapid growth period from about the age is of 5 to 12, we need to support childrens growth, especially with calcium, iron and protein. So encouraging good eating habits early on can have a significant beneficial effect on their general health and overall ability to cope with the mental and physical challenges they will be faced with throughout their teenage years. Unfortunately, way too often the lunch box can be filled with high sugar, high fat and

high salt foods because they are preferred by the kids and they are quick and easy. Of course, sometimes peer pressure comes into play, which makes it even more difficult to encourage your child to eat good foods. A lunchbox with a plain cheese sandwich and an apple just aren't going to do the job day after day, so let's look at some other alternatives. Balance and nutrition is very important. Try to offer a variety of foods and change them up regularly. Be sure your child's nutrients are being met in their lunchbox, while adding things they like. Just think natural, interesting, nutritious and variety. I hope you find my lunch box cookbook and school lunch guide enjoyable. Here's a snapshot:
