

# Nutrition and Diagnosis-related Care PDA

The latest edition of this rapid-access resource for busy nutritionists and dieticians continues its tradition as a concise yet comprehensive reference for nutrition-based care of diseases. It includes flexible proven care plans to fit any clinical setting, from hospitals and ambulatory centers to private practices and home care. Updated to include a full appendix on the use of herbs, botanicals and dietary supplements, it is also the ideal supplementary text to labs and for clinical rotations.
