His eyes were open now, watching the path of the tiny flame. If you continue your path, little spark, you will cause great harm. I must burn! I must live! There are places where your glow and heat are welcome. Find them, do not destroy the dwellings or take the lives of my people! For a second, he seemed to wink out of existence but then blazed back with renewed vigor. Thrall knew what he had to do. He lifted his hand. Forgive me, Brother Flame. But I must protect my people from the harm you would cause them. I have requested, I have begged, now I warn. The spark seemed to spasm, and yet he continued on his lethal course. Thrall, grim-faced, clenched his hand hard. The spark flared defiantly, then dwindled, finally settling down to nothing more than the faintest of glowing embers. For now, he would no longer do anyone harm. The threat had ended, but Thrall was reeling. This was not the way of the shaman with the elements. It was a relationship of mutual respect, not of threats and control and, in the end, destruction. Oh, the Spirit of Fire could never be extinguished. It was far greater than anything any shaman, or even group of shaman, could ever attempt to do to him. He was eternal, as all the spirits of the elements were. But this part of him, this elemental manifestation, had been defiant, uncooperative. And he had not been alone. He was part of a disturbing trend of elements that were sullen and rebellious rather than cooperative. And in the end, Thrall had had to completely dominate him. Other shaman were now calling rain to soak the city in case there was another aberrant spark that persisted in its course of devastation. Thrall stood in the rain, letting it soak him, pour off his massive green shoulders, and drip down his arms. What in the name of the ancestors was happening? \*\*\*Thrall, wise shaman and the warchief of the Horde, has sensed a disturbing change ... Long ago, Azeroth's destructive native elementals raged across the world until the benevolent titans imprisoned them within the Elemental Plane. Despite the titans' intervention, many elementals have ended up back on Azeroth. Over the ages, shamans like Thrall have communed with these spirits and, through patience and dedication, learned to soothe roaring infernos, bring rain to sun-scorched lands, and otherwise temper the elementals' ruinous influence on the world of Azeroth. Now Thrall has discovered that the elementals no longer heed the shamans' call. The link shared with these spirits has grown thin and frayed, as if Azeroth itself were under great duress. While Thrall seeks answers to what ails the confused elements, he also wrestles with the orcs' precarious future as his people face dwindling supplies and growing hostility with...
