

## Regeneration

A contemporary horror novel set in Chicago and Los Angeles. Like so many other aging baby-boomers, Joyce Lackey hadn't given much thought to her future; it looked rosy and that was enough. So when she's forced into an early retirement and her life goes to pieces, the future begins to look grim...until the X-Gen Agency calls her with an offer that seems too good to be true. Not only do they offer her a new life, they offer her the one thing she thought she couldn't ever have again: her youth.

Regeneration (biology), the ability to recreate lost or damaged tissues, organs and limbs. Regeneration in humans, the ability of humans to recreate, or induce the regeneration of, lost tissue. Regeneration (theology), the doctrine of being born again. Regenerative (design), a process for sustainable development.
