

Trust the Text: Language, Corpus and Discourse

John Sinclair is one of the major figures in applied linguistics and his work is essential study for students. This accessible book collects in one volume Sinclairs key papers on written discourse structure, lexis patterns, phraseology, corpus analysis, lexicography and linguistic theory from the 1990s. All the papers have been edited and updated for this book. The clear and accessible introduction helps students to navigate his key themes and arguments, making the volume an ideal companion for those coming to Sinclairs more recent writings for the first time.
