

The Valiant of Wind (The Valiant Stories, Book 1)

Thou shalt not depart from the holy Mount Gamaliel. Remain away from the world and wait there for the coming of the gods. Wait there for the Divine Feast. The Edict of Gloria, 1542 S.F. The gods have decreed: not a soul is to leave Mount Gamaliel. The people of Saint Luke anxiously await the return of the Ventus gods and the beginning of eternity. Only a fool would deny that the Divine Feast is fast approaching, but Lionel Sager, a young temple servant, has his doubts. Only days before his Commencement into adulthood, Lio has committed the Mortal Sin of Attainment (the acquisition of the knowledge of man). Inspired by the texts of a forbidden canon, he finds that the temples teachings will no longer satisfy; he must see the world outside for himself. Unwilling to face condemnation, Lio settles for life on the mountain. He avows to the gods that he will remain in Saint Luke for all his days; a vow that is easy to keep until the Devourer, the fiend who dines on the souls of the disobedient, comes to hunt him.
